Faculty Development Programme

On

Student Induction

Resource Person: Prof. (Dr) Yogesh Kumar

27th – 29th May 2019

Three days Faculty development programme (FDP-2019) was successfully conducted at **Poornima Institute of Engineering and Technology, Jaipur**, from **27th to 29th May 2019** under the aegis of Value Education Cell, (Student Induction Program) AICTE.

PIET has been recognized as one of the centers in the State of Rajasthan for conducting the Faculty Development Program on behalf of AICTE Student Induction Program. The main goal of the FDP was to identify and emphasize the problems related to happiness, welfare, aspirations, goals and success in an individual's life and challenges being faced by the people at individual, family, society and environmental levels. As an outcome, the strategies to combat these issues were well explored during the sessions delivered in the Awareness FDP.

Dr. Yogesh Kumar, the key resource and facilitator is a well renowned authority in the field of training Student Induction and UHVPE and have conducted many workshops on Value Education for various Universities and Institutions.

The FDP programme received an overwhelming response with **47 participants** from various institutes affiliated to RTU, Rajasthan.

Date wise brief Report for the first and last days FDP programme is given below with the feedback at the end:

Date: 27th May, 2019 (First Day) Inaugural Session: The programme was inaugurated in the morning at seminar hall on **27th May 2019** by the Chief Guest and Guest of the honor of the occasion **Shri. MKM Shah**, Director(Admin & Finance)Poornima Group, **Prof.(Dr. Suresh Chandra Padhy**, President (Vice Chancellor); Poornima University , Jaipur in the presence of guests of eminence including Ar. Rahul Singhi , Director Poornima Group,**Prof (Dr) DineshGoyal**, Director PIET **Prof.(Dr) Yogesh Kumar**, (Resource Person from AICTE for this FDP),**Dr Ritu Soryan**, Local Program Coordinator for the faculty development program,

Dr Ritu Soryan and **Mr. Anuj Babbar** coordinated the Faculty Development Program as event coordinators.

Hon. Director Prof (Dr) Dinesh Goyal delivered the Welcome address and shared his views with the faculty participants. He maintained that if the faculty wants to develop themselves and their students, then attending such faculty development programmes would enhance their practical skill of teaching concepts. He further added that programs like this help to improve the performance of faculty in teaching UHVPE and highlighted the importance and objectives of organizing regular faculty development programmes.

Ar.Rahul Singhi, Director Poornima Group, PIET, delivered the presidential speech and motivated the participants with his ever-energizing words.

Resource Person Dr Yogesh Kumar delivered the keynote address and emphasized the importance of UHVPE in our routine life. Prof. Yogesh

POORNIMA

INSTITUTE OF ENGINEERING & TECHNOLOGY

deliberated upon the concept of Universal Human Values and Professional Ethics as applied in our life.

Honorable Chief Guest Shri. MKM Shah blessed the audience with his golden words sensitizing all participants to enhance quality in teaching and he further added how this programme will provide special benefits to faculty members.

Honorable Guest of honor Prof. (Dr) Suresh Chandra Padhy, President, Poornima University, Jaipur. He opined that the young minds should be helped in discovering the humanity in themselves. He also pointed out that every commission on education has emphasized the central role of education in making a man. That hope has not been fulfilled. Educational institutions are not meant to be mirrors of society. The methodologies that were tried were seen to be not universal. They were seen to be connected with sectarian thoughts and sectarian interest. So unfortunately the good things could not be brought to education in a systematic way.

FDP Coordinator Dr Ritu Soryan shared her views on continual application of the FDP, beginning on the inaugural note as a never-ending process and hoped that the three days learning will transcend to the rest of lives of the participants. She believed that the audience shall apply universal human values to the benefit of themselves and the society at large, and that the duration will serve only as a pause and keep the audience waiting for the first level of FDP.

The inauguration programme ended with a vote of thanks by Dr Ritu Soryan, local Program Coordinator.

Day 2: Date: 28th May, 2019 Second day

POORNIMA

INSTITUTE OF ENGINEERING & TECHNOLOGY

In the second session, resource person Prof. (Dr) Yogesh Kumar started the discussion with a very simplified concept of UHVPE (Student Induction). He shared a few very important aspects of our life to be considered while understanding UHVPE. He weaved his knowledge in the session with a power packed powerpoint presentation and various real life examples along with short stories. His deliberations helped to make the subject well comprehensible and created interest amongst the participants.

Dr Kumar discussed the concept of “**Develop Right Understanding**”. He said that the awareness of thought reading in continuation is necessary to maintain good relationships in life. He stressed that the role of education is to facilitate the development of competence and to live with proper human conduct. During the FDP, issues related to happiness, welfare, aspirations, goals and success in life were explained. The need of self-exploration, **self-investigation** and **how to practice** them in daily life were also explained.

Date: 29th May 2019 (Last Day)

During the closing ceremony Dr Yogesh said that through the Faculty Development Program the effort was to bring into practice a strong teaching methodology that provides the essential guidelines for a human society for which a sustained effort and preparation is required.

A documentary on “**Hiware Village**” was shown to the participants and discussion was done regarding this to make the participants understand the feeling and behavior of the residents of the village and how the transparency in the system and contribution of each person in the society led the Hiware Village towards prosperity. The workshop was beneficial for the participants who returned with the determination to apply the learning from the Faculty Development Program (Student Induction) in their lives and share it with their

POORNIMA

INSTITUTE OF ENGINEERING & TECHNOLOGY

Students and Colleagues. Through the Student Induction program teachers' can enhance self – confidence. Students can perform well academically, live with harmony with family, society and an individual.

A small excerpt from the feedback session is given below:

Dr Ritu's view (Local Program Coordinator) “I liked the way Prof. Yogesh Kumar explained the bottom up approach for making visualization, it opened my eyes to a new way of doing things. The slides/videos were really informative but more than this, I appreciate that resource person shared his hand drawn information/sketches and data – that really made me feel like I might be able to “do this” because I had the chance to see the process and not just the final product.”

Faculty commitment: We can't wait to attempt to teach our own students everything we have learned in this FDP.

A short summary of the feedback received from 70 participants at the end of workshop survey is listed below:

1. 86% of the participants felt that the delivery and presentation of the resource person was good.
2. 90% of the participants were of the opinion that the FDP brought practical knowledge of the subject to them.
3. 97% of the participants felt that the FDP was coordinated very well.
4. Participants felt that such FDP should be arranged regularly.
