2. OBJECTIVE

Poornima Institute of Engineering and Technology, Jaipur has always focused on providing the best programming and coding skills to Engineering Students and have successfully created a positive impact in their lives by providing them with the best jobs available in the Industry. Coding Ninjas has also up-skilled students from more than 1500+ colleges till now. A Memorandum of Understanding between Coding Ninjas and Poornima Institute of Engineering and Technology, Jaipur will ensure that both the parties arrive on a common platform to work towards their vision and increase awareness about the importance of Coding and Tech skills among the Student community.

3. Overview of Coding Ninjas Courses

Coding Ninjas courses are developed and refined over years of training and Industrial experience. All the online courses are recorded in house and regularly updated to incorporate industry requirements and newer technologies.

- Proven industry relevant curriculum
- Courses range from basic Foundation Courses (C++, Java, Python), to Advance Courses (Data Science, Machine Learning, Web Development), to Preparation Courses (Interview Prep, Competitive Programming, Aptitude) and Career Tracks.
- State of the art integrated learning platform for consuming video content as well as practicing coding (Cloud Compiler, Auto Evaluation, Multi-Language editor etc.)
- 100+ hours of video content for each course
- Lots of code (200+) is required to be written by students in each course
- Self-paced course with assignment deadlines
- Online TA support with screen share and video/audio chat for all student doubts
- Coding Ninjas Online Course Certificate holds a high value among the Industry Professionals; thus, a student with Coding Ninjas certificate holds an edge over others.

Coding Ninjas can add / remove / modify the Online Courses as per Industrial requirements keeping in mind the benefits of the Student Community.
