Sub: Letter of Collaboration with AICTE- IDEA Lab

It is with great enthusiasm and interest that we support of Manufacture of various kinds of Switchgear and Control Panels all individually designed Erection and installation of electrical equipment to the AICTE-IDEA LAB that is being proposed by Johns Automation Systems

The commitment & support establishes an industrial training/internship/workshop partnership between Johns Automation Systems and Poornima Institute of Engineering & Technology.

Johns Automation Systems, leaders in automation and electrical, is an efficient and effectively managed group of small scale industries, with a team of dedicated professionals, who always strive for the very best. We provide engineering and technology services to nationwide and world's leading companies through the efforts of our diligent team of engineering and technical specialists.

We are expecting that the institution will provide us the access of the for the AICTE LAB if/when required for the research work in the benefit of the students/ industrial growth. Also we are sponsoring rupees 2.5 Lac for development of this Lab. Together, we both enter into this industrial commitment & agreement to mutually promote the manufacturing process to the industry & provide run internship/training program for the students.

Thank You for Accepting our Proposal
