INSTITUTE OF ENGINEERING & TECHNOLOGY

A VISIT TO AN ORPHANAGE AND CLOTHES DISTRIBUTION

The Social Activity Club ‘The Helping Hands’, is managed by the students of Poornima Institute of Engineering & Technology, Jaipur established in 2012 by Dr. Gautam Singh, Chief Proctor, Poornima Institute of Engineering & Technology with an aim to provide help to the needy people. On 24th August 2016, the members of the group reunited to donate some clothes and other needful things to many people in Jaipur and spend a day with the special people of God.

The members of the club collected the clothes and other necessary things from the students residing in the hostel as well from the college. The efforts made by the members are remarkable and thus it resulted in the successful effort towards taking a step forward in making a change. Their focus was to change the vision of the people towards the needy people. After that the team visited the “Shri Hindu Anath Aashram” where they interacted with many intelligent minds that had the vision to do something for the welfare of the nation. The team members delivered motivational speeches, did career counselling, played games with the kids and distributed gifts to the deserving ones. Basic knowledge about Gmail was given to them.

'The Helping Hands club' devotes itself for welfare of the society in any aspect that can bring a positive change in the world.
