

The launch of Smart Cities Mission by the Government of India will set in motion the process of urban transformation to enable better living. The Smart Cities Mission is an innovative and new initiative by the Government of India to drive economic growth and improve the quality of life of people by enabling local development and harnessing technology as a means to create smart outcomes for citizens. In this context we feel immense pleasure to announce “The Smart City Convergence 2019”, “Role of Engineers in Innovation and Technological Advancement”. The convergence will showcase innovation and technological advancement for the smart city. In “The Smart City Convergence 2019”, the objective is to provide a platform to all the researchers, engineers, academicians, industry delegates and students to discuss the contribution of engineers in “**International Conference on Smart Energy and Communication (ICSEC) under Smart City Convergence 2019**”, The main objective of this conference to analyze key trends, showcase technology solutions, discuss & propose solutions and strategies to make renowned smart cities.

The conference has got approval of two Scopus indexed that is **Recent Patent in Computer Science and International Journal of Information Technology and Web Engineering (IGI Global)**.

The selected paper will be published in Scopus Indexed journal and remaining will be published in three UGC approved journal namely **International Journal of Management Technology and Engineering (IJMTE)**, **STM Journals** and **Journal of Emerging Technologies and Innovative Research (JETIR)**.

The conference that is International Conference on Smart Energy and Communication (ICSEC), which was held on 06 and 07 of April, 2019 was a big success and really proved to be very beneficial and informational for everyone. In this conference we received total 96 papers. We had selected total 85 papers on the behalf of reviewer score generated by the easy chair submission portal and the plagiarism report. Total 76 papers have registered and presented in this conference.

It started with the auspicious Ganesh Vandana which was performed by two students of second year. The registration for the conference was from 8:00 to 8:30AM which was done by the members of committee – Mr. Vishnu Prakash Sharma, The keynote Address given by **Sh. Rashmi Ranjan**, Founder, Surya Veena Adarsh Niketan. Inaugural session started 9:30 AM -11:00 AM, there was a break after which there were three technical sessions chaired by **Dr. S. K. Dhakad**, Professor, Samrat Ashok Technological Institute, Vidisha (MP), **Dr. Greesh Kumar Singh**, Professor, Bhimrao Ambedker University, Agra (UP) and **Dr. Garima Mathur**, Professor, Poornima College of Engineering, Jaipur.

On the second day, there were two technical sessions chaired by **Dr. Amit Srivastava**, Professor, Manipal University, Jaipur and **Dr. Anshuman Kalla**, Professor, Manipal University, Jaipur.

In ICSEC-2019 total **99** papers were presented on various themes related to smart city computation. 5 sessions were held during 2 days.
